IDT ENERGY, INC. – NEW YORK - TERMS & CONDITIONS

1. Agreement to Sell and Purchase Energy. This is an agreement between IDT Energy, Inc. ("IDTE"), an independent energy services company, and the customer ("Customer") under which Customer shall initiate electricity and/or natural gas service and begin enrollment with IDTE (the "Agreement"). Subject to the terms and conditions of this Agreement, IDTE agrees to sell and deliver, and Customer agrees to purchase and accept, the quantity of electricity and/or natural gas, as estimated by IDTE, necessary to meet Customer's requirements based upon consumption data obtained by IDTE or the delivery schedule of the Local Distribution Company (the "LDC"). IDTE is not affiliated with and does not represent the LDC. The amount of electricity and/or natural gas supplied under this Agreement is subject to change based upon data reflecting Customer's consumption obtained by IDTE or the LDC's delivery schedule. The LDC will continue to deliver the electricity and/or natural gas supplied by IDTE.

2. Term. This Agreement shall commence as of the date Customer's notice regarding the change of Customer's provider to IDTE is deemed effective by the LDC and it shall continue with a monthly variable rate methodology until either Customer or IDTE cancels or terminates this Agreement by providing 15 days' notice of termination to the other party.

3. Pricing, Billing, and Termination. Unless otherwise agreed to in writing, the price for all electricity sold under this Agreement shall be a variable price which each month shall reflect the cost to IDTE to obtain electricity on Customer's behalf, including, but not limited to, energy, capacity, settlement, ancillaries and related transmission and distribution charges, plus all applicable taxes, fees, charges, or other assessments, and IDTE's costs, expenses and profit margins.

Unless otherwise agreed to in writing, the price for all natural gas sold under this Agreement shall be a variable price which each month shall reflect the cost to IDTE to obtain natural gas on Customer's behalf, including, but not limited to, commodity, capacity, storage, balancing and transportation to the Delivery Point, plus all applicable taxes, fees, charges, or other assessments, and IDTE's costs, expenses and profit margins.

If there is a material adverse change in the business or financial condition of Customer (as determined by IDTE at its discretion) or if Customer fails to meet its obligations under this Agreement, then, in addition to any other remedies that it may have, IDTE may terminate this Agreement upon 15 days' notice to Customer.

IDTE will invoice Customer monthly for electricity and/or natural gas supplied under this Agreement, as measured by the LDC, and Customer will pay each invoice in full within 20 days of the invoice date. Failure to pay on time may result in a late payment charge of 1.5% per monthly billing cycle, or the amount otherwise provided for in the LDC's tariff. Customer may receive a single bill for both commodity and delivery costs from either IDTE or the LDC, or each of the LDC and IDTE may invoice Customer separately. Customer payments remitted in response to a consolidated bill shall be pro-rated (when so required) in accordance with procedures adopted by the New York State Department of Public Service (the "DPS"). IDTE may assign and sell Customer accounts receivable to the LDC.
